CanAm Investor Services, LLC Business Continuity Plan

CanAm Investor Services, LLC (“CanAm” or “Firm”) has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information about our Business Continuity Plan.

Contacting Us – If after a significant business disruption (“SBD”) you cannot contact us as you usually do, you should call our alternative number (212) 319-2063 or (917) 509-8872 or contact the Fund's General Partner at (212) 668-0690. If all traditional means of communication are unavailable, the Firm will post (if at all possible) emergency contact information and instructions on its *affiliate* web site: www.canamenterprises.com regarding access to the Firm’s representatives.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a SBD and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the Firm’s books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our Firm to resume operations as quickly as possible, given the scope and severity of the SBD.

Our Business Continuity Plan addresses: data backup and recovery; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Varying Disruptions – SBDs can vary in their scope, such as only our Firm, a single building housing our Firm, the business district where our Firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our Firm or a building housing our Firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 48 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 48 hours. In either situation, we plan to continue in business and notify you through the nearest means available on how to contact us.
